

PRIMARY RESULTS ALL MADE KNOWN

McAdoo Got 130 Unsolicited Votes in Adams For President.

BONNIWELL BEAT GUFFEY

Elsesser Won Out For Democratic Treasurer. Bupp And Pfaltzgraff Named Delegates.

With the certain knowledge that the \$750,000 road bond issue was decisively defeated at the primary election on Tuesday, that Dr. Eugene Elgin won from C. Arthur Griest in the Republican race for representative in the general assembly, that James C. Cole ran away with the Democratic nomination for the same office, that William C. Tyson and John E. Baker were elected delegates to the Republican national convention, and that Judge Sadler carried the county far above Judge Kunkle, interest now centers on the results of contests that were not considered paramount here before the other outcomes were announced.

According to the unofficial count in Adams county, A. Mitchell Palmer, candidate for the Democratic nomination for president of the United States, received 1175 votes while William G. McAdoo, whose name did not appear on the ballot, received 130 votes. Eleven Adams county men wrote in the name of Governor Edwards, of New Jersey, as their choice for president.

John A. Farrell, Chester county, Democratic candidate for United States Senator carried Adams county over Lawrence H. Rupp, Lehigh county, by a vote of 861-561, while Peter A. Elsesser, York county, won out here for Democratic nomination for state treasurer over Harvey Huffman, Monroe county, by a vote of 1078-436.

In the race for Democratic nomination for auditor general, Arthur McKean, Beaver county, carried Adams over William N. McNair, Allegheny county, with a majority of 284, the vote being 826-542.

Charles M. Bowman, Luzerne county; William H. Long, York county; Thomas H. Flynn, Allegheny county; and John P. Bracken, Allegheny county, were the four Democrats who received the highest vote for representatives in Congress-at-large according to the unofficial returns.

Eugene C. Bonniwell, Philadelphia county, carried Adams 742 to 594 over Joseph F. Guffey, Allegheny county, for Democratic national committeeman.

A GIANT BLAST

Over 75,000 Tons of Stone Displaced at Bethlehem Mines Plant.

Late Wednesday afternoon the largest blast ever set off at the quarries of the Bethlehem Mines Corporation at Bittinger's Station, this county, was made.

Between 8 and 10 tons of powder was used in the 36 holes drilled along the side of the big quarry close to the 'pike. The holes were 60 feet deep and 4 inches in diameter, and were filled to one-third their depth. The explosion displaced 75,000 tons of stone.

For the size of the blast the noise was not as great as one would think, it being muffled. When the explosion occurred the side of the quarry was pushed out and toppled over into the huge excavation.

DEFER RATE HEARING

Believe Water Rate Case Will be Settled.

Hearing before the Public Service Commission of the complaint against the proposed rate increases of the Gettysburg Water company scheduled for May 25 has been deferred awaiting the results of the efforts to reach an agreement by the counsel of the opposing sides. The announcement of the Public Service Commission indicates that there is strong possibility of a satisfactory agreement being reached in a short time.

TWO BIGLERVILLE BOYS MISSING

Nothing Seen of Youthful Pair Since Sunday Night.

CAME TO GETTYSBURG

Clair Lawver And Harry Carey, Fourteen Years Old, Being Searched For by Local Police.

Mystery surrounds the disappearance of Clair Lawver, son of E. L. Lawver, and Harry Carey, son of Mrs. Naomi Carey, two fourteen year old Biglerville boys who have not been seen since last Sunday night.

Police officials in Carlisle, Harrisburg, York, Gettysburg, and other surrounding towns and cities have been notified to be on the look out for the two boys.

Last Sunday night young Lawver asked his parents to go to Gettysburg on the evening Philadelphia and Reading train which leaves Biglerville at 6:55.

"I see no reason why a boy of your age should go into Gettysburg on Sunday night," replied his mother, apparently bringing the matter to a close.

The incident of the boy's desire to go to Gettysburg was forgotten until hours passed and he failed to come home, when his father, E. L. Lawver, who owns the Biglerville planing mill, began a search for his missing son in Gettysburg, York, Carlisle, and finally Harrisburg.

Policemen in those four places were unable to give him any trace of the two boys who were dressed in dark suits and hats. Young Lawver is described as being five feet tall and rather heavily built while his companion is somewhat smaller. Both wore knee trousers.

Although the two boys vanished as if they had been swallowed up by the earth, the majority of persons acquainted with them believe there is no great cause for alarm and that they are merely "off on a little trip." Where they secured the money to go any distance is another peculiar phase of the matter, however, as both boys left their supply of funds untouched.

According to one of the boy friends of the missing pair, their absence is due to their desire to secure jobs in some town distant from Biglerville. He says that several days ago he heard young Lawver say that he intended going away to work.

In the meantime Mr. Lawver is absent daily from the planing mill in Biglerville in the attempt to find some trace of his son and young Carey.

Some persons think that after reaching Gettysburg the boys commenced to walk to Washington.

TRUCK TRAIN IN COUNTY

Harrisburg Dealers Stage "Ship-by-Truck" Event.

Fifteen trucks representing practically every truck dealer in Harrisburg passed through Biglerville Wednesday afternoon on a tour in connection with the observance of "Ship-by-Truck and Good Roads" week. The trucks came from Harrisburg by way of Mechanicsburg, Dillsburg, York Springs, Biglerville, Bendersville, Mt. Holly and Carlisle where they spent Wednesday night.

SMALL MARKET

Asparagus Main Offering. Buyers Very Scarce.

Only two marketmen appeared at the curb market this morning and buyers were even scarcer, it seemed. Both men had a large supply of asparagus which was selling slowly at twenty cents a bunch. Arrangements are now being made to have the market opened on the Square next week. Definite announcement for the Square opening will be made later.

NO GAME TONIGHT

The game between the Second and Third Ward teams Monday night ended in the fourth inning because of darkness will not be played off this week as was the intimation given at the Playground Wednesday night. The game will be played off next week.

NO TYPHOID IN MILK AND WATER

Town's Supply Tested by Health Men. Have Another Clue.

MAKE LABORATORY TESTS

Food Eaten at Church Function May Have Been Source. Crest of Epidemic Reached.

Gettysburg's water and milk supply is free from typhoid fever germs. This announcement was made today as the result of a thorough inspection made Wednesday by Edward Styer, State Health Department Engineer, and Dr. C. G. Crist, county medical inspector.

A test was made of the products of the Gettysburg Ice and Storage company as well as the supply of every milk dealer who supplies customers in town. Each one of these tests showed the source of the typhoid epidemic was not in the local milk or ice cream supply.

Inspection was made of the water company plant, including a test of the water. Here, too, everything was found to be in good condition. Health authorities were convinced the water supply was not the source of the trouble because the Water company has its water tested each week and there is little chance of an epidemic starting from this source.

The findings of the health officers, disclosing the epidemic was not water born, was confirmed by Dr. Bruce McCreary, of Shippensburg, state health official, at noon today after he had gone over the work that had been done. He pointed out that if such had been the case the epidemic would have been of larger proportions. The fact that only a small group of persons are affected indicates that the milk supply is not the source, he asserted.

While the facts are not born out by proof, Dr. McCreary stated, all those persons affected belonged to a group of friends who attended a church function about four weeks ago. "We are now making an effort to trace the food served at that function. Bacteriological and laboratory tests are now being made along that line and we have good reason to believe we are following the right clue. No definite announcement can be made as to the source of the epidemic until the result of the tests we are making is known."

Dr. McCreary expressed the opinion that the epidemic had reached its crest and the fact that no new cases had broken out was one of the reasons for believing they were on the right track to discover the origin of the disease.

SEMINARY GETS ENDOWMENT FUND

Nearly \$100,000 Raised For Purpose of Increasing Salaries of Professors.

Announcement that an endowment fund of \$98,318 had been raised by Dr. J. A. Singmaster authorized last year for the purpose of increasing the salaries of the professors was made this morning at the meeting of the directors of the Lutheran Theological Seminary.

The board of directors passed a resolution expressing appreciation of the work done by Dr. Singmaster in raising the endowment fund and his general administrative work. The salary of Dr. Singmaster was fixed at \$3,000 a year and the other professors at \$2500.

With a view of celebrating the centennial of the founding of the Seminary six years hence a committee consisting of members of the Seminary faculty and officers of the board of trustees were appointed to make arrangements for the event.

Eulogies were given by Dr. W. H. Bruce Carney, of Dubois, and Robbin Wolf, of Pittsburgh, for two members of the board who died during the past year. They were Professor John H. Lykens, educational superintendent of the Huntingdon Reformatory, and Joseph Welker, of Pittsburgh.

OLD WOUND CAUSES LOSS OF LIMB

Veteran Injured in Civil War Has Leg Amputated as Result.

A wound received fifty seven years ago at Winchester, Virginia, during a battle of the Civil War, caused the amputation of the leg of Andrew Sites, formerly of Fairfield in the Fort Leavenworth Hospital, Kansas, recently. Although the veteran is in his eighty-fourth year he has rallied from the operation and there are bright hopes for his recovery. Two brothers, both veterans of the Civil War, John and George Sites, reside near Fairfield.

Mr. Sites was wounded while fighting in the campaign through Virginia with the Union Army in '63. While in one of the minor engagements he was wounded in the leg which disabled him for the remainder of the war. He completely recovered from the wound, however, and it has only been recently that it gave him any trouble. Surgeons decided the amputation was necessary to save the life of the aged veteran.

YORK Y. W. C. A. CHORUS

Appears Before Good Sized Audience at Brua Chapel.

A good sized audience appeared at Brua Chapel, Wednesday night, to greet the appearance of seventy young women of the York Y. W. C. A. chorus who were brought here under the auspices of the Philo and Phrena literary societies of college.

The program given by the chorus included "Gypsy Life", "When Twilight Weaves", "The Fountain", Solo—"Spring", Miss Hilda Lichtenberger, Readings—Mrs. J. T. Atkins, "Love Like the Dawn Came Stealing", "O May Thou Art a Merry Time", "Charity" sung by Miss Florence Wolpert, Piano Overture by Mrs. Frances Greenawalt Wolf and Miss Henrietta Owen Wiest, Solo—"Hindu Slumber Song"—Miss Alva Shive, "Mellican Man", "Minuet", "The Two Clocks", "The Treasure", and a minuet dance by fourteen young women.

HIGH SCHOOL HONORS

Margaret Major And Ellen Tipton Lead Graduating Class.

To Margaret Major, Straban township, and Ellen Tipton, of Gettysburg, go the honors of being valedictorian and salutatorian respectively of the Class of 1920 of the local High School, according to an announcement made this morning by Miss Helen L. Cope, the supervising principal of the local schools. Miss Major's sister, who is at present a student at Wilson College in Chambersburg, held the same honor last year. They will each receive prizes from the Alumni Association.

Other prizes that will be awarded are the D. A. R. Essay prize of \$5 to Elizabeth Evans, second prize of \$2.50 to Lillian Weaver, first honorable mention, Madylin Roth, second honorable mention to Robert Dardorf.

The winner of the attendance record prize has not yet been announced.

ARMY AIR PILOTS COMING TUESDAY

Planes From Middletown Will Make Recruiting Raid on Gettysburg.

TO LAND SOUTH OF TOWN

Will Perform Stunts And Seek Recruits. Free Ride to Middletown For Those Who Enlist.

The airplane season in Gettysburg will open next Tuesday when at least two army airships from the aviation general supply depot at Middletown will fly here to stage a stunt demonstration in the interest of recruiting for the Aviation Corps.

With favorable weather the planes will reach Gettysburg Tuesday morning and will make a landing on the Redding field along the Emmitsburg road just south of town. They will remain here during the day making a number of flights over the town dropping bombs in the form of pamphlets urging young men to enlist in this branch of the service for a one, two or three year period.

Lieutenant G. S. Graves, of the Eighth Aero Squadron, which was awarded four Distinguished Service crosses, one Croix de Guerre and three official citations during the war will pilot one plane.

Lieutenant Ray Brown, who last Sunday won the free for all flying contest at Bolling Field, Washington, from the pick of American air pilots will be in charge of another ship.

Flying with the party will be Lieutenant Fred Nelson, who recently broke all speed records from Bolling Field to Middletown. He made the one hundred and twenty miles in exactly fifty minutes. Lieutenant Nelson was one of the pilots who passed through here last year with transcontinental army truck train and airplane tour and was the only pilot who succeeded in getting a DH-9 type of plane all the way across.

Lieutenant Kenneth O'Connor, a veteran of the Spanish-American War and former ground officer at Kelly Field, Texas, will be in charge of the air recruiting raid into Adams county.

Lieutenants O'Connor and Graves were in Gettysburg Wednesday making arrangements for the flight and announced then that all men who enlist will be taken by plane to Middletown. All men completing the course in air training will be granted a commission in the reserve corps.

The type of planes that will be used in the flight here are the JN-6-H, a French pursuit plane, a Curtiss Spad and possibly a DH-4-B, used overseas extensively for day bombing and observation work.

ADDRESS BEFORE SEMINARY ALUMNI

Dr. W. H. Bruce Carney, Dubois, Speaker. Alumni Association Elects.

Dr. W. H. Bruce Carney, of Dubois, Pennsylvania, delivered the annual address to the Lutheran Theological Seminary Alumni Association in the chapel Wednesday evening. He chose for his subject "The Gospel of Today" which was sermonic in tone. Dr. Carney is president of the Allegheny synod of the Lutheran church. Dr. Herbert S. Alleman, of the Seminary faculty, conducted the opening exercises.

Following the address a short business meeting was held at which Dr. Herbert S. Alleman was elected president of the Alumni Association and Rev. J. B. Baker, of the St. James Church, of town, secretary. Rev. H. W. Snyder, of Altoona, was selected to deliver the address to the Alumni Association next year.

After adjournment the members of the Alumni Association and friends assembled in the refectory where light refreshments were served. Reminiscences by the various alumni present and short talks by members of the faculty brought the exercises to a close. The Seminary quartet which gained a reputation as a musical organization in the county this year sang several selections.

FORESTRY HEAD ASKS FOR HELP

Pinchot Requests Adams Commissioners to Join Forest Fire Fight.

OF INCENDIARY ORIGIN

Asks Officials to Assist Fire Wardens Combating Flames. To Find Origin of Each Fire.

The Commissioners of Adams county have been asked to co-operate with the Pennsylvania Department of Forestry in the campaign to extinguish forest fires in this locality. Gifford Pinchot, the Chief State Forester, requested the Commissioners to take immediate steps to assist the foresters and local forest fire wardens in obtaining help to fight the flames.

Declaring that many of the forest fires this spring have been set by incendiaries, Forester Pinchot asked the Commissioners to have the county police authorities punish the criminals.

Forester Pinchot's letter to the Commissioners follows:

Dangerous and damaging forest fires are burning in many parts of the State and these fires are due in part to the dry, windy weather, which makes them exceedingly difficult to handle, in part to carelessness and in part to criminals who deliberately set the woods on fire. A number of the latter have been arrested and are now in jail.

At least one Pennsylvania town has narrowly escaped destruction from forest fires in the last few days.

The maintenance of the productive powers of the soil within your county should be of intense interest to every County Commissioner. To reclaim thousands of acres of barren land from a scorched wilderness to a productive condition without doubt appeals to you strongly. The people of your county are interested in the protection of forests from fire, and especially in the punishment of the criminal who purposely sets a forest fire and in awakening those careless individuals who have no regard for the rights of others.

When fires occur, it is often difficult for our Foresters and Wardens to obtain sufficient help to extinguish the flames. Is it not possible for your board to take active steps immediately to help in this most important work in two ways.

First, by co-operating with the Forester and local forest fire wardens in obtaining help to extinguish fires, and Second, by putting it up to the county detective, sheriff, district attorney and constables to see to it that the criminals are punished for interfering with the welfare of your community?

I assure you that I shall deeply appreciate all the help you can give us, and that the men of the Department will be more than glad to do everything they can to co-operate with you in any work along this line which you may undertake.

DEPUTIES QUIET MINING TOWN

Scene of Street Battle Now Patrolled by Deputy Sheriffs.

SEVEN DETECTIVES DIE

Shooting Result of Attempt by Coal Company to Evict Miners From Company Houses.

(By Associated Press)

Matewan, W. Va., May 20—With one hundred deputy sheriffs armed with rifles patrolling the streets and a detachment of state constabulary expected to arrive at any moment, the situation in this mining village, the scene of the killing of twelve persons last night in a battle between private detectives and citizens, was quiet early today. The deputies rushed here late last night by the sheriff of Mingo county had the situation well in hand at daybreak and they made no effort to disperse the crowd gathered at the Norfolk and Western railroad station where the state police were expected to leave the train when they arrive.

Last night's shooting in which Baldwin Felts, a detective, clashed with the citizens and police of Matewan resulted, according to the authorities, from action of the detective who evicted a number of miners from the Stone Mountain coal company houses yesterday. Two Stone Mountain company mines were closed recently when it became known that efforts were being made to unionize the men. The miners claim that the detective was sent to dispossess the families of workers who had been dismissed by the concern.

A shot, said by the authorities, to have been fired from the coat pocket of Albert Felts and which ended the life of Mayor Cable Pesterman, of Matewan, started the battle. An instant after he fired Felts, according to the authorities, was killed by "Sid" Hatfield, chief of police of Matewan. The shooting then became general. When the battle ended detectives were dead, the Mayor killed and four miners dead and three other persons badly wounded.

Matewan, May 20—Several members of the state police force arrived here this morning and assisted by deputy sheriffs started patrolling the streets. There has been no recurrent of the disorder of last night when ten persons were killed in a pistol battle between authorities and citizens and detectives of the Baldwin Felts agency. A death list carried twelve names but authorities assert there were only ten killed. They have been unable to find which of the names should be eliminated.

STOCK REPORT

Obscure Specialties Forced Down. Liberty Bonds Weaker.

(By Associated Press)

New York, May 20—Some of the obscure specialties notably Stromberg carburetor and Fisher body were forced down 5 to almost 10 points in early reversals on the stock market this morning. Crucible losing 4 and American woolen 3 points. On the vigorous rally which set in before noon under the lead of oils and food shares many stocks rose 1 to 4 points over yesterday's closing prices. Liberty bonds continued to weaken but offerings were on a much smaller scale. Call money again opened at seven percent.

PENROSE SLATE BACKED BY STATE

Incomplete Vote Shows Sadler Has Big Lead Over Kunkle.

SMALL PREFERENCE VOTE

Guffey Tops Bonniwell in Close Race. Hoover, Edwards And McAdoo Written in.

Philadelphia, May 20—Incomplete returns from the State including practically the entire vote for Philadelphia, from Tuesday's primary election show that virtually all the slated candidates of the Republican State Organization for delegate-at-large continue to lead. W. Freeland Kendrick, of Philadelphia, who was put in the field by the Vane faction of Philadelphia, however, is running strong, his home city vote having put him up among the leaders.

Kendrick's vote in Philadelphia was 115,874 and that of J. Leonard Replogle, of Johnstown, one of the 12 on the regular slate, received 87,409, which, according to incomplete figures, lessened his chances of getting among the winning 12. The western end of the State is expected to increase Replogle's figures, but whether he will overcome the lead given Kendrick in Philadelphia only more complete figures will show.

The vote in 2980 districts out of 7118 for Republican delegates-at-large show the following figures for the candidates whose vote was tabulated in the early returns: Babcock, 167,223; Biddle, 135,093; Kendrick, 171,758; Moore, 108,337; Penrose, 173,813; Sproul, 189,298.

Returns from 3397 districts for Republican Congressmen-at-large give Burke, 231,452; Crago, 143,478; Garland, 197,415; McLaughlin, 188,659; Walters, 153,418.

Returns from 2520 districts for Democratic delegates-at-large give Ammerman, 12,167, and Blaklee, 16,532.

For Supreme Court Judge Sadler has a long lead over Kunkel, 4155 districts giving Sadler 218,059 and Kunkel, 151,886.

For Democratic National Committee in 3210 districts out of 7118 Guffey received 27,601 and Bonniwell 24,013. A victory for Guffey was claimed at Harrisburg by Warren Van Dyke, secretary of the Democratic State Committee.

Preference Voting Forgotten. Presidential preferences did not figure directly in the voting for delegates-at-large, the contests being largely to settle factional differences and personnel of the delegation. While the election laws provided for a preferential primary, only one name, that of E. R. Wood, of Philadelphia, appeared on the Republican ballot and he received a light vote. There were scattering votes for other candidates written on the ballot, but few figures were reported on these in the early returns.

Attorney General Palmer was the only candidate for President whose name appeared on the Democratic preferential ballot. Despite this fact, thousands of Democrats all over the State, showed their disapproval of the Attorney General's candidacy by writing in on their ballots the names of former Secretary McAdoo, Herbert Hoover, Governor Edwards, of New Jersey, and others. The full strength of this sentiment will be shown when the official returns are compiled. In Philadelphia McAdoo, Edwards and Hoover combined received more votes than were cast for Palmer on the presidential preferential ballot.

FIRE THREATENS TOWNS

Forest Blaze Endangers Thousands in Quebec.

(By Associated Press)

Quebec, May 20—A forest fire is sweeping Beebe-Chasse threatening destruction of St. Camille, St. Fabian, Paneta and Desquam, according to telegraphic appeals for aid received here today. Desquam was said to be in great danger and the inhabitants are leaving their homes.

Several scores of women and children refugees were brought out of the fire districts today by a train which had to fight its way through the flames. Water had to be drawn from the tender to quench the flames which licked about the coaches as the train pushed through the burning woods.

Timber, valued at more than \$1,000,000 is reported in the path of the flames.

BANDITS GET \$12,000

Shoot up Ohio Town in True Western Style.

(By Associated Press)

LABOR'S LOSS IN STRIKES GREAT

Cost Them Nearly Billion But Industries Lost More.

New York, May 20—An incomplete list of direct losses due to strikes in 1919 places the cost to labor in wages at nearly \$725,000,000, and to industry at more than one and a quarter billion dollars, Francis H. Sisson, vice president of the Guaranty Trust Company, of New York, told the silver jubilee convention of the National Association of Manufacturers here Wednesday. The chief danger in the present situation, Mr. Sisson said, is that the desirability of low prices as an end in itself may be so exaggerated as to lead to the attempt to force prices down through harmful measures for the control of credit.

The banker spoke at length on industrial unrest, analyzing its effect on the country's economic condition, and blaming strike fevers for high living costs and increased rents. He urged the conservation of our natural resources as a means of maintaining our economic position in the world.

The Closed Shop

The closed shop, the labor union, radicalism and "all the bogies that are today rising before us will disappear when in government and industry a spirit of democracy is restored," Milo D. Campbell, of Coldwater, Mich., president of the National Milk Producers' Federation, told the manufacturers in an address on "The Farmer and the Closed Shop."

"Greed and aristocracy must make some concessions if the right of property, the Constitution, with its guaranteed blessings shall survive," he said.

PRIMARY RESULTS ALL MADE KNOWN

(Continued from First Page.)

Adams county for delegates-at-large to the national convention were in the order named: Andrew R. Brodbeck, York county; Robert Fleming Allen, Lycoming county; Samuel A. Barnum, Washington county; James I. Blaklee, Carbon county; John H. Bigelow, Luzerne county; John C. Amig, Mifflin county; John F. Ancona, Berks county; William L. Andre, Monroe county; Neil Bonner, Philadelphia county; Charles F. Alt-miller, Columbia county; R. Scott Ammerman, Montour county; Andrew J. Casey, Lackawanna county.

Edward Bupp, 846, and Samuel F. Pfaltzgraf, 590, won out for Democratic district delegates to the national convention. Lemon Love, 564, finished third.

Unofficial returns gave Jacob I. Hereter, Highland township, a majority of thirty over J. R. Fink, Oxford township, for Democratic state committeeman, the vote being 760-730.

On the Republican Side

In sharp contrast to the condition existing on the Democratic side, there was no contest among the Republicans for national state offices.

Edward Randolph Wood, Philadelphia county, received a vote of 1063, many persons in their haste thinking they were casting their ballots for General Leonard E. Wood.

Boies Penrose Philadelphia county, candidate for United States Senate; Charles A. Snyder, Schuylkill county, candidate for state treasurer, and Samuel S. Lewis, York county, candidate for auditor general, all ran without opposition as did Harvey A. Scott, Freedom township, for state committeeman, and Robert C. Miller, Gettysburg, for county chairman.

The following four men carried Adams county for representatives in Congress-at-large: Mahlon M. Garland, Allegheny county; Thomas S. Crago, Greene county; Joseph McLaughlin, Philadelphia county; and Anderson H. Walters, Cambria county.

William W. Atterbury, Delaware county; Philander C. Knox, Allegheny county; J. Hampton Moore, Philadelphia county; Percy M. Chandler, Philadelphia county; Edward V. Babcock, Allegheny county; James Elverson, Philadelphia county; Asher Miner, Luzerne county; Andrew W. Mellon, Allegheny county; William C. Sproul, Delaware county; Boies Penrose, Philadelphia county; William I. Schaeffer, Delaware county, and Charles J. Biddle, Bucks county, finished in Adams county in the order named for delegates-at-large to the national convention.

PRICE CRASH IS NATION-WIDE

Wearing Apparel of All Kinds Tumble to Low Figures.

FOODSTUFFS DROP TOO

Banks in New York are Exerting Pressure. Cuts in Clothing Reach 50 Per Cent.

New York, May 20—New York banks Wednesday joined in the nation-wide campaign against the high cost of living by exercising the utmost conservatism in granting the extensions of credit and by bringing pressure on borrowers to compel large reduction of loans. Liberty and Victory notes sold at new low records, and the price of grainstuffs came tumbling down.

The price-slashing movement spread throughout the city. The afternoon newspapers carried advertisements inserted by leading department stores advising the purpose of reduction of 25 to 50 per cent in wearing apparel.

Even grocery and butcher shops appeared to have caught the fever. In their windows were signs such as:

"We Are Doing Our Part To Beat Down the High Cost of Living. See Our Specials," or, "Porterhouse Steaks, 25 Cents a Pound, Will Help You Keep Down the Cost of Living."

Bank Pressure.

The man on the street seemed well pleased with the visible evidence that the H. C. of L. appeared to be getting wobbly, and that the price-slashing was affecting the necessities of life, such as food, clothing, etc.

"I don't care how much they profiteer in automobiles and diamonds, so long as they get the price of food and clothing down," was the view of the plain, every day citizen.

Banks, in the wholesale drygoods and general merchandise districts, have been proceeding along the same lines, and the pressure exerted by those institutions is said to be directly responsible for the wave of price cutting in many lines of retail trade, especially by the large department stores.

In Fifth avenue, a woman may buy furs for \$75, which the merchant a short time ago wanted to sell her for \$100—only she wouldn't buy them. Because she had her old shoes repaired rather than pay \$20 for a new pair, she is now able to get that same new pair for \$11.65, and she can do very much better than that if she does not insist on getting something "fancy."

A Blessing to Women

A little while ago the suit she really wanted was quoted in Fifth avenue at \$245. She refused to buy it, and it is offered to her today for exactly \$100 less. If that is the suit she insists on wearing she has saved \$100 by waiting a few weeks. The business suit that she refused to buy for \$85 is now \$50. And with the \$35 that she has saved on that purchase, she can get another tailored suit of the sort that formerly cost \$60 or \$70.

She can save from \$25 to \$75 on a wrap which she recently refused to buy for \$100 or \$150. Dinner gown prices are down more than 50 per cent in several fashionable shops. A chain of women's stores operating in New York and other cities announces that its prices on suits, coats, dresses and hats have been cut exactly in two.

Below Original Cost

"Palm Beach" suits for men cost \$18 and \$20 at the beginning of last season. Wednesday they were advertised for \$11.25.

MANY USE GAS ENGINES

Twenty Seven Per Cent State Farmers Have Them.

Approximately 27 per cent of the 215,000 farmers of Pennsylvania use gas engines on their farms according to statistics compiled by the State Department of Agriculture. In Berks, Chester, Montgomery and Northampton counties 60 per cent of the farms are equipped with these machines, while in Lancaster 55 per cent, Bucks 54 and Lehigh 52. The Department calculates the maple products of Pennsylvania this year will run close to \$1,000,000 in value. Figures show 549,440 pounds of maple sugar worth \$203,392 and 264,600 gallons of syrup worth \$727,670.

SPRING GROVE WILL BOND

The voters of Spring Grove Tuesday at the polls approved a bond issue for the purpose of building a state road on Main street, that place, the entire length of the borough, by a vote of 122 for and 61 against. The amount of the bond issue will be \$28,000. This is the second time that the voters approved the loan, voting on it last March. Owing to the fact that time the election had not been properly advertised it was declared illegal by the court.

SCRAMBLE FOR FREIGHT CARS

All Lines of Industry Affected. Grain And Coal Men Press.

Washington, May 20—A wild scramble among individual lines of industry for preferential treatment in car movements developed Wednesday as the Interstate Commerce Commission gave indication of reaching definite conclusions on plans to break the freight blockade.

There was a clamor for cars and for priority orders by grain and coal dealers. The American Cannery Association protested that unless its shipments were moved ahead, there would be heavy losses in the Pittsburgh, McKeesport and Youngstown districts. By letter, telegram and through personal representation the commission, the American Railroad Association's car service committee and railroad executives here were appraised of the urgent needs of almost every line of trade.

A committee of the executives recommended to the commission that it order the transfer of 20,000 box cars from the Atlantic Seaboard to lines west of Chicago, and the relocation of 30,000 coal cars, now west of the Mississippi River to areas in the freight congested East. This should be done within the next 30 days if a direct beneficial result was to be accomplished, the rail heads believed.

Pressing Need For Fuel

Members of the Michigan congressional delegation, together with representatives of Michigan public utilities appealed to the commission for consideration in the movement of coal to that territory. A pressing need for fuel was declared to exist throughout the state and they urged the commission to clamp down on "the misuse of open-top equipment" so that it would be available for transportation of coal. Gas and electric plants in most of the cities are operating on a "hand-to-mouth" basis, according to representations to the commission. The delegation charged the fuel shortage to the use of coal cars for other purposes which consequently left lines transporting freight to the Michigan peninsula without adequate equipment.

OIL SITUATION BAD

America Is Losing Hold of World Control.

Washington, May 20—Interest of the United States in the race for the oil supply of the world as embodied in the report of the State Department submitted by President Wilson to the Senate Monday, has arisen from the alarming depletion of oil reserves in the United States.

While this country contributes 69 per cent of the over supply of the world, 40 per cent of its producing fields have been exhausted and according to official estimates, oil reserves remaining in the United States are not expected to last twenty years.

Of the reserve in this country, foreign interests control but 4 per cent despite the fact that the United States is the only oil-producing country in which citizens and foreigners are permitted to participate in oil production on equal terms.

FIND LOST BOY IN SWAMP

Philadelphia Lad Was Missing Three Weeks.

Philadelphia, May 20—The body of 3-year-old Kenneth Bowman, Jr., who disappeared on the afternoon of April 29 was found Tuesday in a puddle of water little more than large enough to hold it, in the midst of a public dump below Front street.

Boys were picking rags. One of them clutched the dead child's jacket, and pulled the body from the water. The head and body were so swollen that later identification could only be made by the clothes. He was dressed just as when he disappeared, except that his hat was missing.

The dump is eleven blocks from the house where Mrs. Bowman was visiting with her son when the child disappeared.

SADLER SURE WINNER

Incomplete Returns Assure Him Safe Lead.

Philadelphia, May 20—Early and very incomplete returns indicate the nomination of Judge Sylvester B. Sadler, of Carlisle, over Judge George Kunkel, of Harrisburg, for the State Supreme Court Judgeship. Judge Sadler is running ahead in nearly all districts and, it is estimated, will have a majority of 50,000 in Philadelphia alone. Accurate figures are not available at this time, due to the length of the primary ballot and the fact that in many counties the vote has not been tabulated. Judge Sadler had the advantage of being early in the field, and Judge Kunkel was handicapped by illness during almost the entire period of his campaign.

ELECT NEW PRINCIPAL

Harper Wentz Succeeds Clinton Tawney at New Oxford.

Professor Harper Wentz, principal of the East Berlin schools during the past scholastic year, was selected head of the New Oxford schools at a meeting of the school board of the latter town, Wednesday evening.

Professor Wentz, who will receive a monthly salary of \$130, will fill the vacancy caused by the departure of Professor Clinton Tawney, principal at New Oxford during the past year, to Hanover. The New Oxford school board decided it was unable to equal the sum offered Mr. Tawney at Hanover.

Miss Martha Keeney, Miss Lottie Hulick, and Paul Sponseller were re-elected teachers.

The school tax was raised from seven to ten mills, the building tax from two to two and one half mill and the occupation tax from \$3.00 to \$4.00.

FIRST WARD OFF TO A GOOD START

Trims Second Ward in Initial Appearance. Score 5-3.

First Ward, generally conceded to have the brightest chances of any of the three teams in the league, got off to a flying start in their race for the flag, Wednesday night, by trimming the Second Ward, 5-3.

A ringing hit delivered to right field by Deardorff at a critical moment in the fourth inning drove across the two runs that clinched the contest.

Prior to the fourth the Second Ward was leading as the result of securing two runs in the opening session when McDonnell walked, Thompson hit one which Dave Oyler missed, Palmer hit King in the ribs, filling the bases, and Pontius singled cleanly, scoring two.

For three innings, Johnny Slaybaugh, who now is counted upon as a first string pitcher for Second Ward, let his opponents down with one run but he walked Bob Oyler and Shmuckler and hit Palmer. Cromer and Deardorff hit safely in succession driving across the tying and winning tallies.

A triple to deep left center field by Ikeler was the longest hit of the contest.

MINOR MANAGER HAS TOUGH LIFE

Blue Ridge Pilots Can Appreciate Opinion of Connie Mack.

Ira Plank, Billy Starr, "Rabbit" Agnew, George Stroh, and other men who had the experience of managing clubs in the Blue Ridge league ought to be able to appreciate the opinion of Connie Mack regarding the tough life of a minor league pilot.

In a recent fanning bee Mack declared it was tough enough to be a major league manager, but to his way of thinking the hardest job in the world is managing a minor league outfit. Mack came to his subject after some one had mentioned Mike Donlin's eventful career as a manager at Memphis in the Southern Association several years ago.

One of those present was discouraging in a humorous vein of Donlin's daily routine after his Memphis team had been trimmed in about a dozen games by one or two tallies. It was said Mike had to confer with every stock holder in the club every day, in order to hold his job, and then finally he received the pink slip just in time to prevent his nervous system from caving in.

Mack went to Donlin's rescue. "It's a tough proposition to boss a big show crowd," said the tall leader, "but excuse me from the bush league managerial berths. You get nothing in the minors but abuse, and this you get in great gobs from the stockholders and the fans. You have to work out your own salvation too, because you have no scouts and usually you have no bankroll. I would rather retire than return to the sticks as a pilot."

Mack declared the minor league manager is caught coming or going. If he develops a winning combination some major league club offers a nice price for the star or stars, and if the manager blocks the deal to keep his team intact there is sure to be a row. If the minor league loses through the medium of poor material and there is no money with which to bolster the club, he gets the blame.

U. S. SOLDIERS GUARD BRIDGE LEADING INTO MEXICO

EL PASO—In these days of revolution it requires an iron-clad excuse to pass anyone across the International Bridge, leading from El Paso to the Mexican town of Juarez, as these pictures, the first since the Oregon revolution, show. The Seventh U. S. Cavalry is guarding the bridge. Inset picture shows soldiers searching an auto. The soldiers watch carefully for violations of the arms and ammunition embargo.

just the same, according to the Athletic manager.

"I think Donlin hit the tack right on the head when he said a minor league managerial berth was the surest way to take the joy out of a guy's life," said Mack.

BLUE RIDGE OPENS

Big Crowds Attend Games. Heavy Hitting.

For the first time since its origin in 1915 the Blue Ridge League on Wednesday started an official race without having a team representing Gettysburg in its line up. The vacancy caused by the failure of county seat of Adams to have a nine in organized baseball was filled by Waynesboro which defeated Hanover before a crowd estimated at twenty two hundred people.

The scores on opening day, giving the name of the home team first were: Martinsburg 10—Frederick 6; Chambersburg 5—Hagerstown 6; Waynesboro 11—Hanover 9.

Although Gettysburg will not be represented in the Blue Ridge league this year the fans here are greatly interested in the progress of the race and have signified their intention of

going to Hanover to see many important games. Included in the line up of the Hanover team is "Rube" Yarrison, Gettysburg College left fielder, who made a double in four trips to the plate at Waynesboro on Wednesday. Yarrison is playing under the name of Davis.

A number of players appearing in the 1920 line ups of the Blue Ridge who appeared at Gettysburg in former years are Bill King, Frederick pitcher; Bill Phoenix, Frederick second baseman who used to play with Hagerstown; Charlie Dysert and Chalkey McCleary, outfielder and pitcher, respectively, for Hagerstown; Mike Fuhrer, Chambersburg short stop who used to play with Gettysburg; and Eddie Hooper, manager of Chambersburg; Reggie Rawlings, Martinsburg outfielder; Country

Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. People's Drug Store and Shuman's Medicine Stores have been appointed agent for Allenhu in this vicinity with the understanding that it will freely return the purchase money to all who state they received no benefit.

Morris and Lefty Clark, former Martinsburg manager and pitcher, respectively, who are now with Waynesboro.

G. W. WEAVER & SON

THE GREAT DISCOUNT SALE

Begun on Friday 14th, to Continue until Saturday night, May 22, Is a big success

We are happy in the belief that our customers know that there is no fake about it—but that the Discounts of Ten & Twenty Per Cent are from our regular or marked down prices—and that prices are broken to that extent right here at home so that it is not necessary to send money out of town to buy anything sight unseen. Remember that 10 Per Cent Discount on many of our items equals 20 Per Cent Discount of some other stores, especially is this so on Domestic Dry Goods.

The prices for this sale are not a REDUCTION SALE—but a TEN & TWENTY PER CENT DISCOUNT on our present prices whether regular or previously marked down, and the goods remaining after the sale date will continue at our former regular prices.

A complete stock of Dry Goods valued at \$110,000.00 at cost to us—ALL goes under this sale, except a few price restrictions that cannot in honor be changed by us.

We ask you to exercise patience should you come in the afternoons and have to wait your turn to be served. It is impossible to get trained help—and others only add to our troubles.

We Append A Few Price Items Herein To Give You An Idea of the Savings

Over 200 Doz. Ladies' Handkerchiefs, Swiss and Linen Embroidered, Crepe de Chine &c.—all beautiful goods. Bought in early Spring much under price for regular orders and marked at our close profits for Christmas—go at 20 per cent Discount.

20 Per Cent Deduction on entire stock of Spring Coats—Ladies, Misses, Juniors and Childrens. Not a coat in our stock that would not cost more than our cost on re-orders. Just to give an idea—A \$10.00 coat less 20 per cent is \$8.00—a \$20.00 coat is \$16.00—a \$30.00 coat is \$24.00 &c.

10 Per Cent on all Hosiery—Silk & Cotton for Men, Women & Children. Nothing in this stock that we can replace at our present cost. Silk Hose from 75 cts. to \$3.00, all colors—a wonderful assortment—less 10 per cent. Cotton Hose from 20 cts. to 75 cts.—less 10 per cent.

100 Wool Dress Skirts—20 Per Cent Deduction—Skirts of Serges, Poplins, Wool Velours, Jerseys—in plain and plaids. The discount will be given on the marked prices—All of which are under regular price of today.

20 Per Cent Deduction on entire stock of Never Shrink Wash Skirts—NEW—many still in their original boxes. About 60 left of last season which had been heavily marked down—included in the 20 per cent deduction.

20 Per Cent Deduction in prices of all Tailored Suits—all of which have been less than re-order prices, some of which had previously been reduced in their price marks so the deduction is taken from the blue penciled marks—making plenty of them at less than half price. Still a great number to select from. The cloths are the wanted and fashionable weaves. Styles the best.

Household Goods

On all Counterpanes, Comforts & Cotton & Wool Blankets. Our marked retail prices on Blankets are less than we can buy them at now, but they go in the sale just the same. A splendid line and it will pay our customers to buy for next Winter.

On all Linen and Mercerized Damasks and Napkins, Towels, Crashes and all Household yard goods; all of which are under value at our present marked prices.

Entire stock of Waists and Blouses—20 Per Cent Deduction

Consisting of all the newest Georgettes, Crepe de Chines, Taffetas, Satins &c.—French Voiles, Organdies &c.—many of which have just come into our stock during the sale.

Entire stock of Silk & Cotton Petticoats—An extraordinary large stock bought months ago to save price advances. Among them are a great many silk and silk ruffled—all under present day values. 20 per cent off makes them a great bargain.

75 Silk Dress Skirts—

There Is a "Before" and "After" In Clothes Buying

It's the "AFTER" that counts no matter how interesting the price may look before you buy. That won't make up for any deficiency when you wear the clothes.

That's why we make it our business to sell you clothes that give satisfaction after you have bought; we put quality and dependability first.
